

THE MOM Initiative Vision Statement

TheMOMInitiative.com • info@themominitiative.com

The M.O.M. Initiative exists because moms mold the heart of the next generation and if we can minister to the moms of this generation, we can reach the children of the next generation.

As an in-reach and outreach ministry, The M.O.M. Initiative equips and mobilizes local churches, ministries and organizations to effectively mentor moms, not only within the four walls of the church, but also in urban areas, in prisons, juvenile shelters, low income neighborhoods, crisis pregnancy centers, schools, doctor's offices, as a faith-based social service alternative, in communities here in the United States and across the globe, to impact this world with the love, grace and gospel of Jesus Christ.

Our vision is to reach a million moms for Christ and if only three women in half of the evangelical churches of the United States would mentor just three other moms, we could very quickly reach a million moms, and as a result, we will not only impact a million moms with the love of Christ, but also 2.5 children.

- If we want to reach the at risk children, we must minister to their moms.
- If we want to help the children being raised in under-privileged living conditions, we must minister to their moms.
- If we want to help children living in fatherless homes, we must minister to their moms.
- If we want to prevent a multitude of young children from winding up in prison, we must minister to their moms.
- If we want to see the cycle of poverty broken and children becoming all God created them to be, we must minister to their moms.

THE MOM Initiative

Vision Statement

- If we want to see children discover the joy of knowing Jesus and living a holy life and becoming people of purpose and passion who live lives of integrity, then we must minister to their moms.
- If we want to change the world, then we must do it one mom at a time.

That's why The M.O.M. Initiative exists. Ministering to a million moms and reaching 2.5 million children is our goal.

Now is the time to rise up and take Titus 2 to the streets and minister to these precious moms through mentoring them in their mom journey and letting them know they are not alone.

Now is the time to love like Jesus, to serve like Jesus, to impact our communities and this culture with the love of Jesus... and the best way to give the children of the next generation hope is to reach their moms.
